

NAVIGATION DISPLAY

Home / Portfolio / Navigation Display

By admin 03 Feb 2019

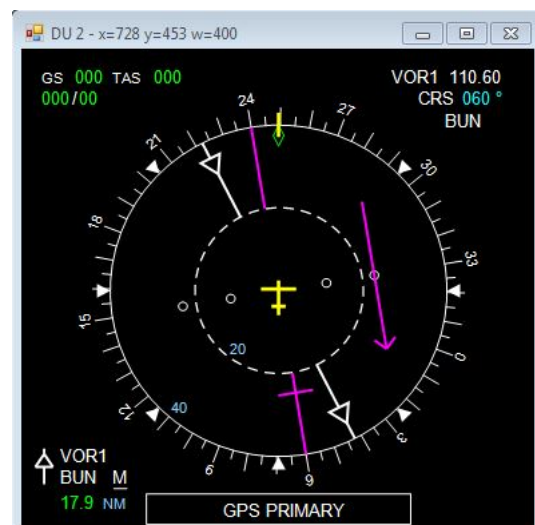

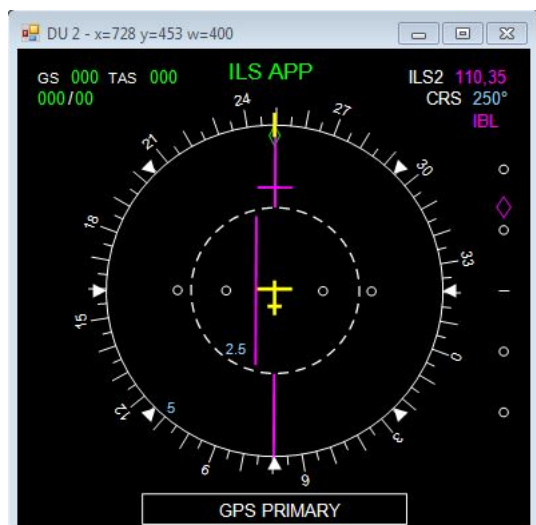

The Navigation Display (ND) presents the navigation data under the form of 5 different display modes

- ROSE LS
- ROSE VOR
- ROSE NAV
- ARC
- PLAN

They can be selected from the EFIS Control Panel.

The ND is implemented in the Display Unit (DU) application.

This is a stand-alone application that can be run on Microsoft Windows PC and communicates over the network with the A320 Simulator core
